

"Where our fields had been destroyed and filled with land mines - that suddenly left innocent children playing their childish games without legs and arms - you helped us clear them of danger and replaced our vines and orchards."

H. E. President Mohammad Ashraf Ghani thanking the international community for their contributions during his Opening Statement at the Brussels Conference on Afghanistan in October 2016.

¹ Under the terms of the APMBT, victim activated pressure-plate IEDs are considered AP mines; areas contaminated by PPIEDs are recorded as AP minefield. Note: MAPA only clears and records PPIEDs which are considered no longer part of the conflict.

² Target communities are taken from the MAPA gazetteer, but during the survey the MEIFCS teams have come across an increase in number of communities. In the second row, out of 46,657 communities, 27,780 are not in our gazetteer but are surveyed by the MEIFCS teams.

Victim Assistance: The MAPA implementing partners collaborate with the three Afghan Government ministries that deliver disability services and assistances. They are Ministry of Labor, Social Affairs, Martyrs and Disabled (MoLSAMD), Ministry of Public Health (MoPH), and Ministry of Education (MoE).
