

Mine Action Program of Afghanistan (MAPA)

List of Target Mine/ERW Risk Education Project for 1397 Waiting for Fund

As on August 2018

S/N	Project/ Activity	Target Group/ beneficiaries	Estimated Number of beneficiaries	Remarks
1	Direct RE for community members living in proximity of landmine/ ERW hazards, using appropriate modality and tailored materials	Community Members	1,600,000	
2	Systematic training, deployment and follow up support of Community Volunteers (CVs) in impacted Communities	Community Volunteers	1,630	
3	Emergency RE for Internally Displaced Persons (IDPs), host communities and communities in post conflict context - Mobile Teams	IDPs, host communities, communities in post conflict context	360,000	
4	RE for Nomads (Kuchies) - Mobile Teams	Nomads (Kuchies)	66,000	
5	Promoting risk education through mass media (indirect approach), including use of means such as, radio, TV, social media, billboards etc.	Targeted at people in living in affected communities, with a focus on travellers, children and people living in remote and insecure areas	1,000,000	

6	Promote integration with other sectors so that risk education is widespread and implemented more effectively and efficiently, through coordination, ongoing advocacy and technical support	MoE, MoIC, MCIT, MRRD, MoHIA, Nomad Directorate, NGOs (see full form of the acronym in the remarks column)		During year 1396, DMAC signed MoUs with the Ministry of Education (MoE), Ministry of Information and Culture (MoIC) and Directorate of Nomads (Kuchies), as well submitted a proposal to Ministry of Communication and Information Technology (MCIT). During the year 1397, DMAC is looking forward to deepening collaborations with the concerned ministries, as well, intending to establish and formalize collaborations with the Ministry of Public Health (MoPH), Ministry of Hajj and Religious Affairs (MoHIA) and Ministry of Rural Rehabilitation and Development (MRRD), and wider NGO community.
7	Implementing Landmine Safety Programme (LSP) to provide basic safety information concerning the threat of mines and ERW to organizations and their staff working in mine/ ERW affected areas	NGOs/ Aid Workers, gov. employees	50,000	
8	Improving the integration of RE in Ministry of Education (MoE) school curriculum	Students, Teachers		RE is already integrated in grade 7-12, but it would require a review to ensure that the messages are aligned with the current trends. This activity to include an

			evaluation and review of existing contents of RE, working out RE messages for grades which don't include RE at present; as well integration of RE in teachers' training curriculum for sustainability;
